Headteacher: Mr P Smith

Dear Parents/ Carers,

Class Charts App

During this week's assemblies we will be launching the rewards app to students. The app will allow students to access information regarding their homework, their class charts reward points, and 'trade in' their class charts points for prizes. For the full list of items, please see the table below.

Students will receive their log in ID during tutor time this week, these will be located in student planners for future reference. We have, also, included a useful quick start guide on our website.

Please talk to your child about the app, so you can support them at home as well. There will, also, be a parent's version of the app, and there will be more details to follow.

Yours sincerely

Mr P Smith
Proud Headteacher

QTY	Reward	Points
