Wednesday 23rd October 2018

Dear Parents/Guardians

Non-Uniform Day – Friday 26th October 2018

This half term we have had a school initiative to significantly decrease the amount of litter on our school site. The reward for the students if this was achieved was a non-school uniform day at a cost of £1, which will be donated to the students' charities. All years are supporting different charities.

I am really pleased to let you know that our students have made continued efforts to keep our site litter free and so they will be rewarded with a non-school uniform day. This will be Friday 26th October.

We will be monitoring this reward to see how well our children react to a normal school day in non-school uniform. This is an extra incentive but the day will be a normal school day in all other aspects.

Students are expected to dress appropriately, no short skirts or crop tops etc. Students will be expected to bring their school bag and equipment and in all other aspects the day will run as normal.

Can you reinforce our expectations at home so that we are able to offer this reward again in future.

Yours faithfully

Mr Bane
Deputy Headteacher
