

Thinking about Apprenticeships and how to find out about them?

Careers & Enterprise Dept.

Why not check out the : www.gov.uk/apprenticeships-guide
Website

Go to:

- Find an apprenticeship
- Search the Find an Apprenticeship service
- Browse by category/location

You can apply online

If the summary looks interesting click on the vacancy and you will get all the details on screen i.e. duties, hours, pay, qualifications, training etc.

At the end there is an "Apply" option - no CV's are needed as all applications are on line.

You will need to register to be able to apply.

The advice is apply for as many vacancies of interest but do check the qualifications required (some Advanced Apprenticeships may want A levels which you won't have) The more you apply to the more you are likely to be called for interview to and the more chance that you will get that job.

The last Friday in June is the official school leaving date so only apply for vacancies that have a start date after that.

Tutors will put vacancies on their noticeboards (majority from Spring term onwards) but it's up to you to be searching and applying.
