Friday 23rd March 2018

Dear Parents/Carers

Rolls Royce – Young Apprenticeships

This year we have the opportunity for Year 9 students to apply for a Young Apprenticeship with Rolls-Royce. This is a high quality engineering based course at Roll-Royce for one day each week. There is an open evening at Rolls-Royce to explain the process at the learning and development centre at 6.15pm on 10th April 2018.

The process is the same as applying for a job at Rolls-Royce, and candidates will be competing with students from across Derbyshire for the posts. The appointments are decided by Rolls-Royce and approved by the school.

Students are required to register for the open evening event, please copy and paste the following link into your browser:

<https://forms.akkroo.com/#/events/rollsroyce/179715?type=preregister&background=ffffff&font=004c8e&page=ffffff>

The criteria for initial application are that students are working at or above flight path 5 in Maths, English and Science. Please speak to your subject teacher if you are not sure on this.

Whilst the school will support students with the application process, we have no influence over the places offered. There will obviously be a knock on effect in school, and any successful candidate needs to be aware that they will need to catch up on the work missed, on their day at Rolls-Royce.

If you are interested in applying for this, please register and attend the open evening. If you have any further questions, please contact me.

Yours faithfully

Mr. P. Smithson
Assistant Headteacher
