

CODA NEWS

Improving Life CHANCES

Welcome to the CoDA newspaper!

Issue date: 16 December

Since I joined CoDA I've dreamed of creating a newspaper and now that dream has finally come true! Along with a team of fellow year 9's, we have come together to make this possible. Their names are: Juwiria R, Imogen G and Sarah Z.

My name is Isabel W and I have created a team of year 9's to help make this be possible for all students to read.

This newspaper is all about student voice. It is a way for students to communicate through these hard times and even after. CoDA news will consist of jokes, games, stories, debates and much more! If you want something here, then let us know! We have an email just for you to tell us stories and send us pictures of work! You can even make your own puzzles and quizzes and we will add them into the newspaper! Also remember that if you would like things to be anonymous then it will be so!

We will also use the editorial (the part you are reading now) to discuss positives and negatives with the school such as lunch meals that you enjoy, clubs that you would like and many other things to improve the school! This part is mostly for discussions but we will also put some information here too.

We also make a newspaper every month so stay tuned for that! We hope you all enjoy the newspaper and we all look forward to seeing your ideas soon! If you have any news that you would like included in the next edition please email us:

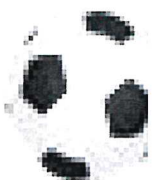

News@cityofderbyacademy.org

SPORTS

Netball is a ball sport played by two teams of seven players. Netball is most popular in many rich countries, (but mostly in school) and is played more by women than men! According to the INF, netball is played by more than 20 million people in more than 80 countries.

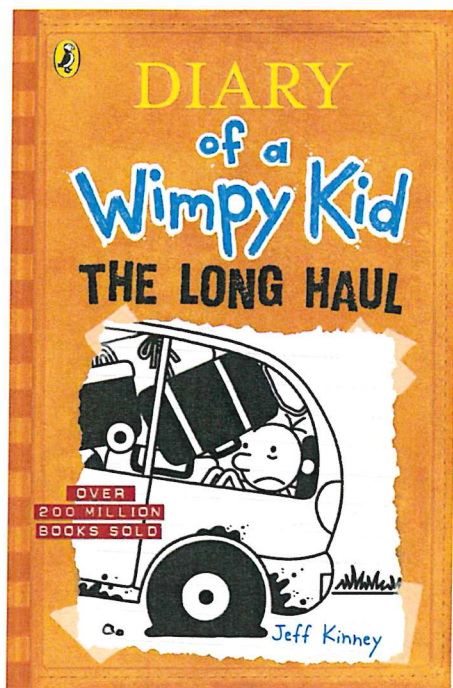

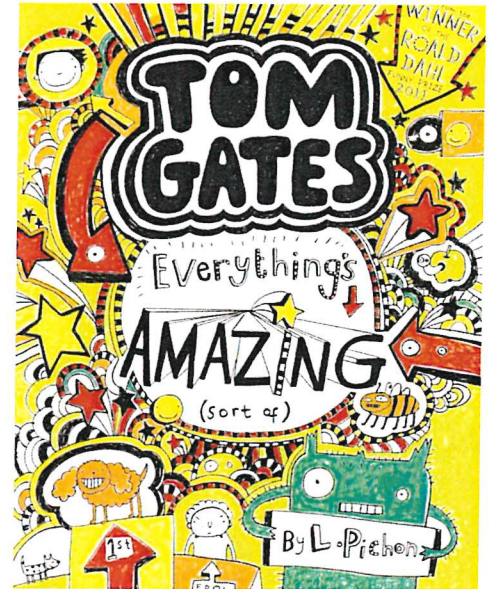

Basketball, was invented by a guy named James Naismith. It was originally a game played indoors in the winter. It also was played with a football and you weren't allowed to dribble! Its also most played in America.

BOOK REVIEWS

It is nearly Tom's birthday and he is very excited, but he has a few problems! Firstly his granny Mavis wants to cook for him which can be a disaster. Secondly, his grandad Bob wants to be the entertainer but he doesn't know enough. He is worried that dad has volunteered to be in the school disco too!

Diary of a wimpy kid the long haul written by Jeff Kinney is a wonderful story about Greg and his family going on a road trip with a lot of drama. Going through much trouble with fun and many adventures along the way. Come and read the book to find out how things turn out!

Make A Christmas Bauble!

- Colourful paper or card
- a pencil
- something circular to trace around
- scissors
- Mini glue dots or glue or double sided tape
- craft wire or a stapler

Step one:

Use a glass and pencil to draw 12 circles onto the paper and cut them out. You can use as few or as many as you like.

Step two:

Fold all the circles in half and stack them on top of each other.

Step three:

Wrap a length of wire all the way around the stack so that it runs along the fold. Twist the ends together to secure. If you don't have wire you can also just staple the stack together, once at the top and at the bottom so that the staple sits right on the fold.

Step Four:

Stick a glue dot onto a circle, about $\frac{1}{3}$ away from the bottom. Fold the facing flaps together and press to secure the bond. If you don't have glue dots you can use double sided tape or a bit of glue. Try not to use regular glue because it can warp the paper.

Step five:

On the next circle along, stick a glue dot about $\frac{1}{3}$ the way from the top. Continue like this all the way around. Alternating high and low glue dots.

Now you can attach a ribbon and hang it on your Christmas tree or give it as a gift for someone!

FROM THE TEACHERS

Mrs. Eames would like to congratulate the following students for settling in to CoDA nicely and trying their best!

Summer K,
Connor H
And Harry M

Our teachers would also like to congratulate year 11 for working really hard in these difficult times and still pushing through for their exams!

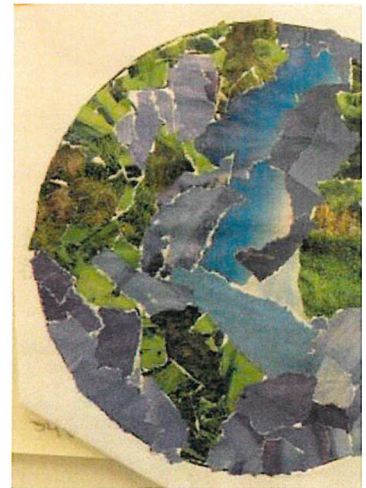

Mr Barker would like to say that there have been exciting developments in geography learning at CODA this year. For the first time, we have been teaching the same theme across all year groups, for each term. During the autumn term we have been teaching about "Urban issues and challenges". Year 7 have been learning about urban issues at a local level; Year 8 at a UK to European level and Year 9 to a global level. These themes have been re-visited again at a GCSE level, but in greater detail.

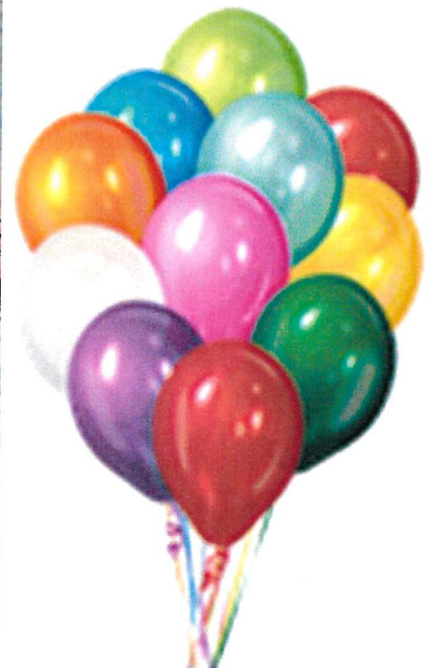

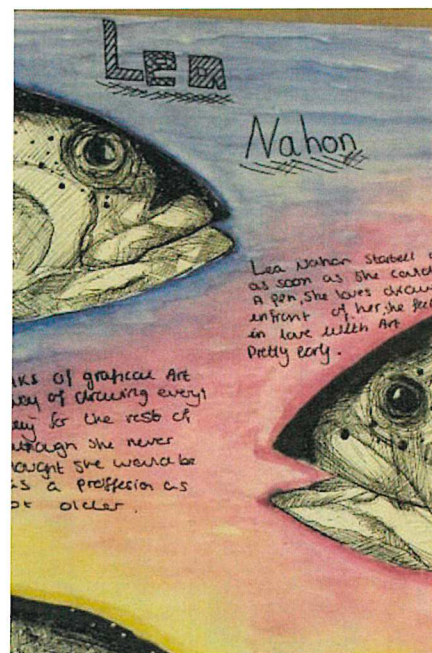

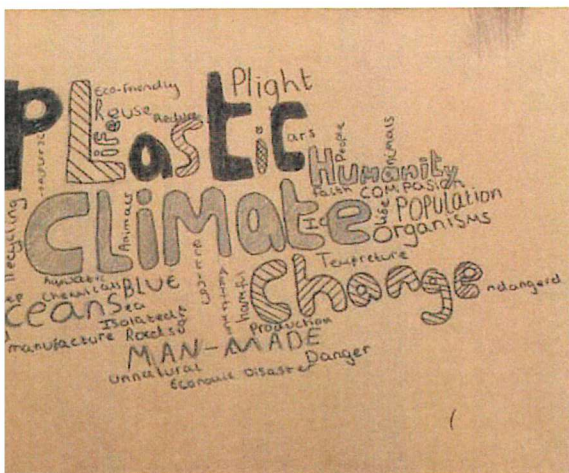

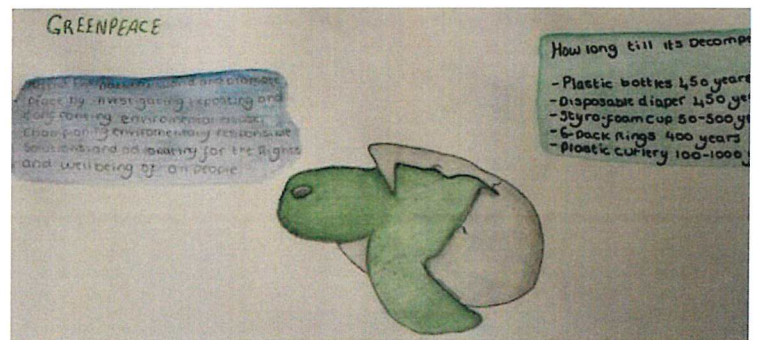

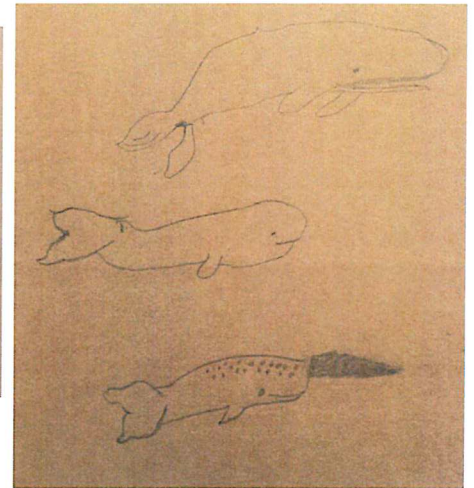

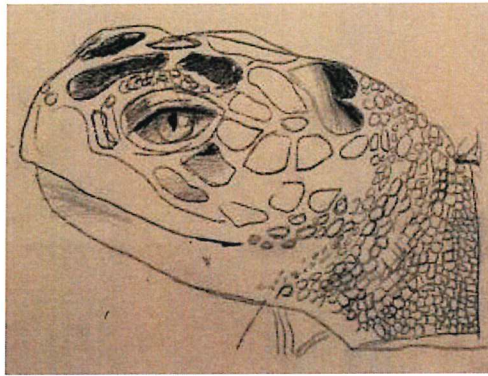

celebrations

Miss Wilshaw would like to say well done to all the amazing artists who made the ram, turtle, fish drawing!

Their project is Metamorphosis, this means a major change in the form or structure of something. At the moment they are combining 3 images together, to create and change the animal into something different.

Mrs Richardson would like to say well done to Year 10 graphic communication as they have been looking into the serious issues around ocean plastic and climate change. Their brief is to work alongside Greenpeace to create artwork that highlights their message.

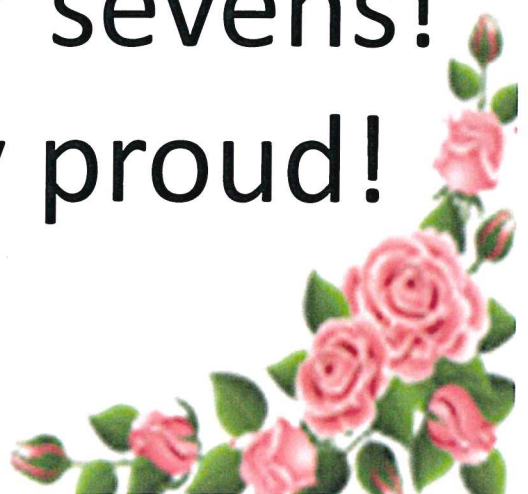

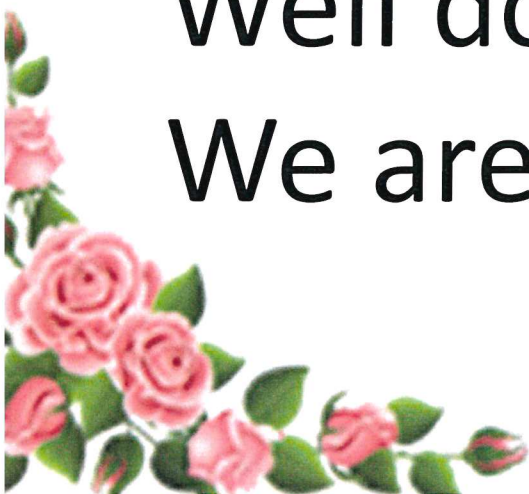

Welcome year 7's

We would all like to give a warm welcome to all the year sevens!

We know that moving into a new school is hard, we have all been through it.

But what we haven't been through is moving to a new school during a pandemic!

Well done year sevens!
We are all very proud!

Pakistan food

Nihari is a national Pakistani dish consisting of lamb or beef served with naan and tasty bone marrow.

It is the national dish of Pakistan loved by people all over the world

Biryani is another one of Pakistan's famous dishes also eaten all over the world. It is made with spices, rice and meat. In Pakistan biryani is most popular in Karachi and Lahore

Turkish food

Turkish cuisine is largely the heritage of the ottoman empire. It was huge and covered most parts of central Asia the Middle East and Eastern Europe.

A popular Turkish dish is gozleme which is a savoury flat bread and pastry dish. It is often filled meat and spinach.

Coronavirus

Corona virus has sent year 11 home and this is just another reason to stay safe because covid will not wait. Make sure to wear your masks and protect those around you.

Some people are rejoicing for being sent home due to coronavirus symptoms. Teachers would like to remind students that, though this is a time for positivity, we must remember that this is serious and people are dying from this virus.

Please, if you have a new continuous cough, a fever, loss of taste and/or smell, please get a test and self isolate. Keep your friends and family safe.

Stay safe!
