

GETTING STARTED WITH REMOTE LEARNING

- PARENT ADVICE

You will need access to the internet using
wifi or mobile signal

We don't have wifi

Contact the school as we may be able to provide you with a wifi dongle.

We don't have enough mobile data

Contact the school as we can request increased data from your mobile phone provider.

We have wifi

You will need one of these devices to access remote learning:

X-box, Playstation or Smart TV

Go into Games and APPs.

Select your internet browser (e.g. Microsoft Edge).

You can access live interactions and will be able to see the work that is set.

You may not be able to complete work using these devices. If you need a paper work pack sending home then please contact the school.

Desktop or laptop computer

These are ideal for accessing files and assignments on Teams.

In order to listen to and speak on live interactions you will need speakers and a microphone, or you can use a phone/tablet for this part instead.

We do not have any suitable device

Please contact the school. We have a limited number of laptops to lend out and also can invite students in to school.

Mobile phone or tablet

These are ideal for accessing live interactions as you have speakers, microphone and camera.

You will be able to see the work that is set.

You may not be able to complete work using your phone. If you need a paper work pack sending home then please contact the school.

You will need to access
Microsoft Teams.

Go to the website:

<https://portal.office.com/>

Enter your school email address and password.

Select the Teams App.

Go to your Teams and begin your learning.

Go to your device App store

Download the Microsoft Teams App

Enter your school email address and password.

Go to your Teams and begin your learning.

If you have any problems please call the school.
