Welcome to the CoDA newspaper!

Hello and welcome back to the CoDA newspaper! We are back at school and in our classrooms again so that is all something we can rejoice about. We can see our friends and teachers and hopefully we won't have to be sent home due to more covid.

Adjusting has been hard for all of us but now we are all settled back in we can start the news again. We are going to send emails out to all the form tutors so you can send us your ideas and we will get them in for all to enjoy.

Remember we accept any news! Some may include: artwork you are proud of, jokes, quizzes, poles, questions, competitions, stories and anything else that comes to mind.

We are also now accepting new members to the newspaper team. We are in the library every day after school until 3 o'clock so if you are interested make sure to drop by! You don't have to attend every day you can come and go whenever you please

We hope you all enjoy the newspaper and we all look forward to seeing your ideas soon.

FROM THE TEACHERS

Mrs Eames would like to say a big well done to Jasmine S who was the first person to achieve 6000 points and get her gold award in year seven.

Mrs Willat would like to say well done to Dannis for an amazing “fresh prince” performance.

Mrs Redding would like to say congrats to Jasmine D, McKenzie R, Jagjit Paige D, Georgian and Jessica R.

Joke time!

Two guys stole a calendar.
They got six months each!

SPORTS

The very first rubber football was made from the sap of a rubber tree in 1855. Less than ten years later they invented the inflatable rubber ball.

But before all of that the very first ball was made of a pig or a sheep's bladder which you would blow up and put in a leather case.

Dance is over 9000 years old! The first type of dance was "raqs baladi" and reference to it was found in cave paintings in India.

Jazz is also the most popular type of dance aged around 400 years old originating in America by the African slaves.

Coronavirus

Fun fact: covid-19 is called the “corona” virus because it looks like a crown!

Right now the people are being vaccinated in our area.

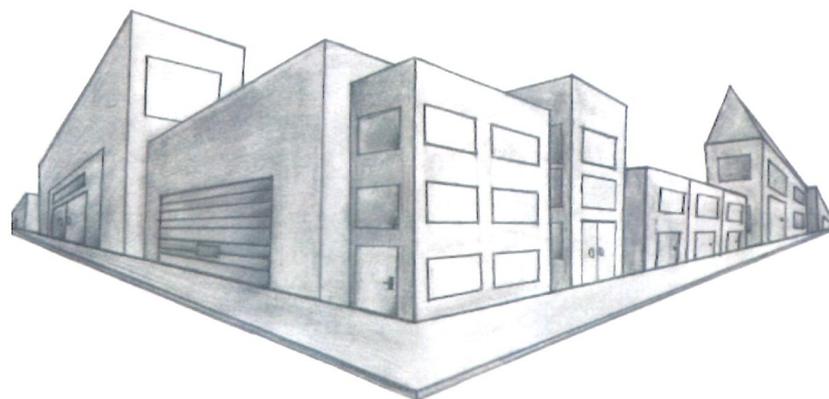

Please, if you have a new continuous cough, a fever, loss of taste and/or smell, please get a test and self isolate. Keep your friends and family safe.

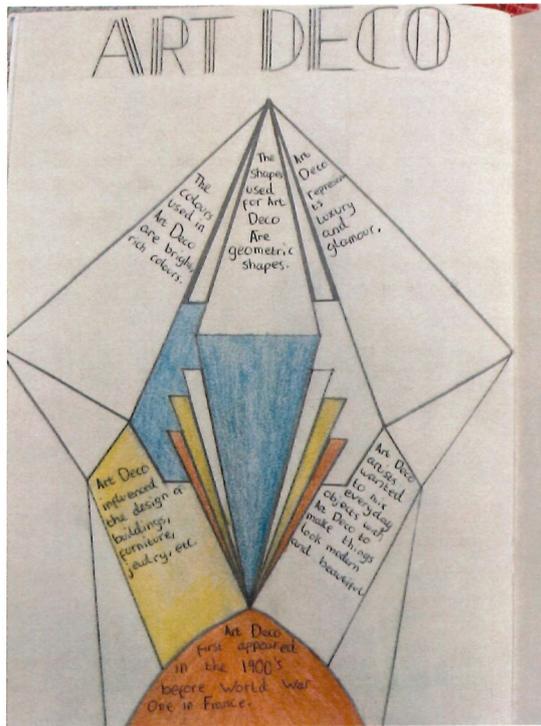

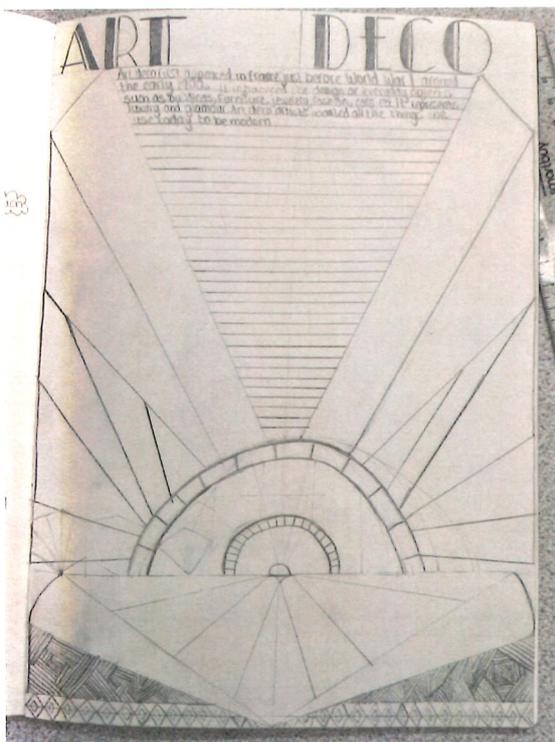

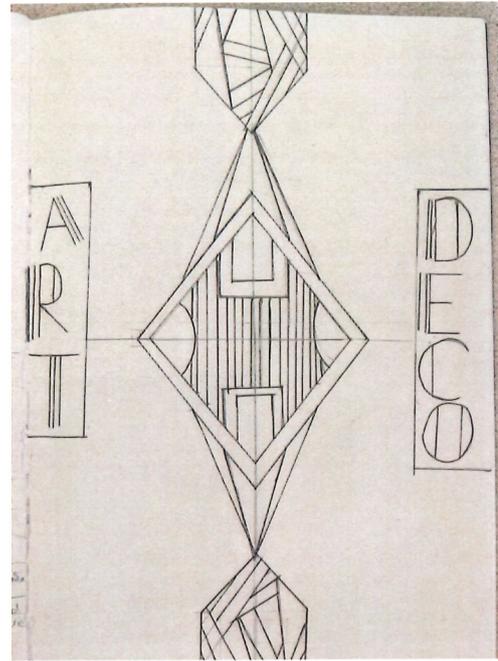

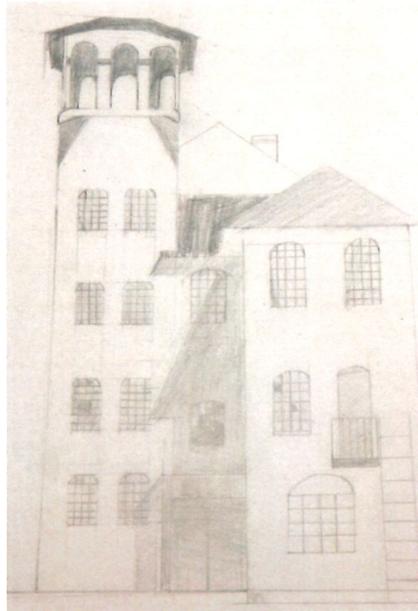

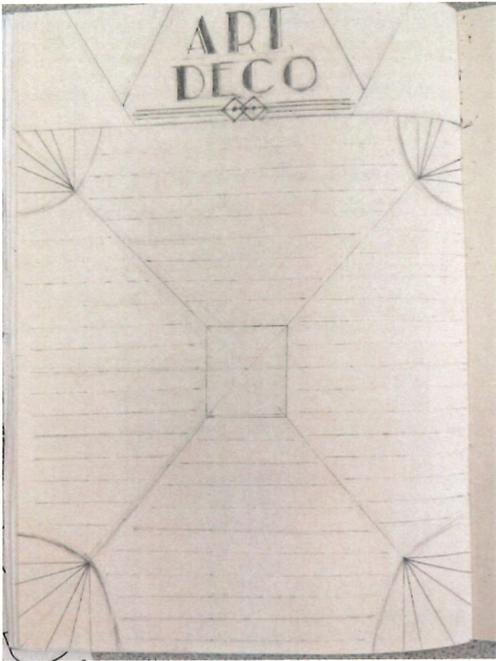

Stay safe!

celebrations

Miss Wilshaw has some more artwork that she is very proud of students from year 7 doing from this month! Take a look and see if yours is here.

Japan

Yakitori is a Japanese type of kebab made out of chicken. To make it you need to get a skewer made of steel called kushi, it can also be made of bamboo. People tend to cook it on a fire. To make it even better they add tare sauce or salt to flavour it.

Donburi is a meal made out of rice that is almost as commonly eaten as ramen in Japan. It is made by frying various meat, fish and vegetables and is served over steamed rice in bowls. A lot of people use ingredients such as oyakodon (chicken, egg, and green onion) and gyudon (sliced beef and onion in a soy sauce soup)

Ramadan

Muslims, the followers of Islam, have a holy month called Ramadan. This month is used for praying, fasting and thinking.

Ramadan is celebrated as the month when the Holy prophet first received the revelations of the Quran, Islam's holy book.

Fasting is very important during Ramadan. Every day, during this holy month, Muslims will not eat or drink between sunrise and sunset. This allows them to devote themselves to their faith and come closer to their God, Allah.

Fasting is one of the five pillars of Islam, which form the basis of how Muslims live their life.

Ramadan Kareem

Here is a little craft for you to do this Easter! All you will need is a sock, some coloured markers, elastic bands, rice and scissors.

The first step is to draw a rabbits face on your sock.

Give it some buck teeth and a little smile! (If you want you can bring in googly eyes and make it extra cute!)

Cut a triangle out of the opening of the sock so it looks like a "v" shape (remember it's the opening that you need to cut like this)

After that fill your sock just before it reaches the mouth of your drawing and tie an elastic band right on top of the rice so it's very tight! Now put in some more rice to fill in the face and add one more elastic band to seal the top.

The "v" shape you cut earlier will act as ears and you will have an adorable little Easter buddy to sit on your desk.
