W elcome to the CoDA newspaper!

Hello and welcome back to the coda news paper! In this issue we will be discussing the idea of season packets at the end of the lunch line.

I asked my fellow newspaper editors what they would like to see changed about the school and one of the most commonly said items were that the food in the canteen was in need of seasoning. We think it would be a good idea to have salt and pepper packets at the end of the lunch line (where the sauces are) for people who like extra flavor in their food, to add it.

How would you like to be able to add extra flavor to your food? I know that as someone who comes from a family that always adds lots of seasoning to their food, that sometimes food you get from the canteen needs something extra. Let us know your thoughts on this debate. If people seem to like this idea we can put it forward to teachers and head students to allow this to happen.

Also remember that we are also now accepting new members to the newspaper team. We are in the library every day after school until 3 o'clock so if you are interested make sure to drop by! You don't have to attend every day you can come and go whenever you please

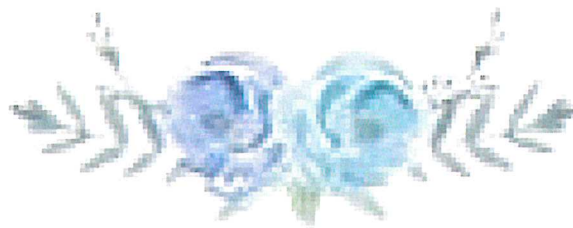

We hope you all enjoy the newspaper and we all look forward to seeing your ideas soon.

FROM THE TEACHERS

Ms. McQuilton has recruited Mrs Eames to read 12 books in three weeks! How will she do it! Most people read on average 3-5 books a year so how will she manage quadruple that in only a fraction of the time? We will just have to wait and see.

Mrs Redding would like to say congratulations to her form 9LR for being “woobly woobla shamalama-mazing” Keep it up 9LR! You are all stars.

According to the music department... The choir will be doing a flash mob in the summer! Which month you ask? We don't know. But you better prepare yourself for a sunny surprise!

from the Students

Many students are rejoicing as their teachers are now getting vaccinated. Some of these teachers are:

Mrs Bone

Mr Milner

And One of the chefs

9LR won the book box competition so well done for that!

Cadets will be using air rifles next time they meet up so have fun cadets!

SPORTS

Hockey is a game where people have sticks and try to get a puck (a flat ball) into a goal. You cant hit people with the sticks as it will get you disqualified but you can hit the puck as hard as you like to get it into the goal. It was made in 1773 so its pretty young as a sport.

Tennis is often known as “the rich mans game” as often very rich people would play it back in the day. It was invented in the 1870s and is mostly played between 4 people (2 vs 2). Basically just hit the ball over the net and you will be fine.

RANDOM FACTS OF THE MONTH!

The fear of long words is one of the longest words in the English language! Why would you make someone scared of their own fear? Well if you don't believe me then here is the word:
Hippopotomonstrosesquippedaliophobia

Pizza was only invented in 1889 by someone called baker Raffaele Esposito. Imagine a life before pizza?

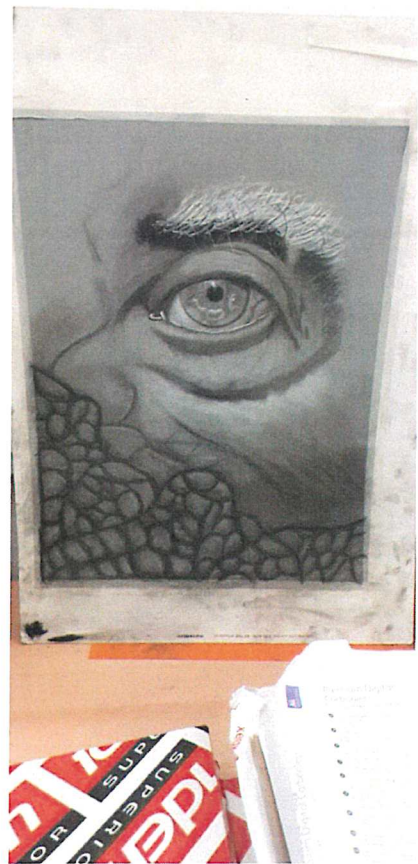

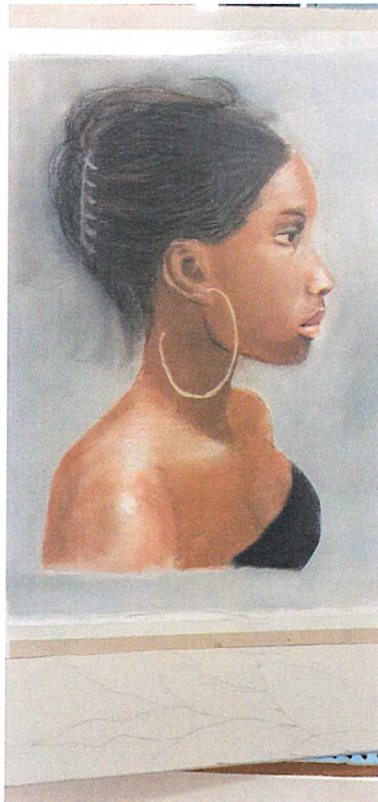

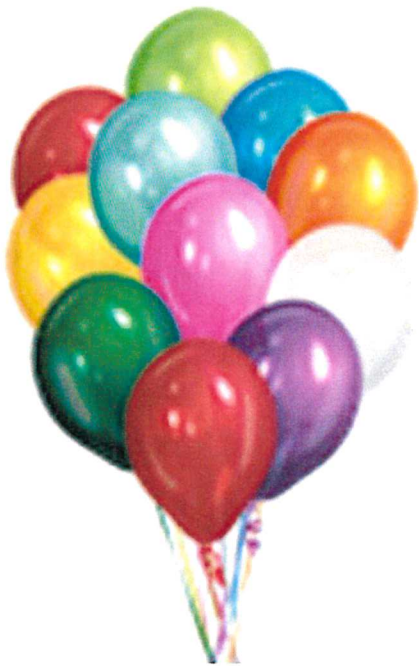

Hippopotamus milk is pink! This is because they have a unique acid called "Hipposudoric acid" that makes it pink.

IQ stands for intelligence quotient. I don't know why you need to know this but this is the random fact page so what do you expect?

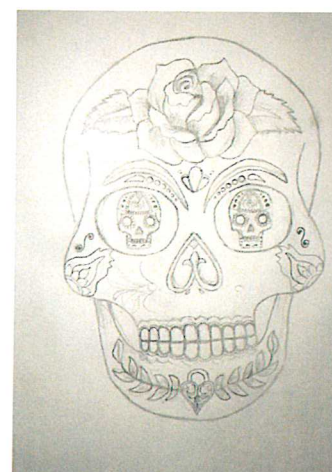

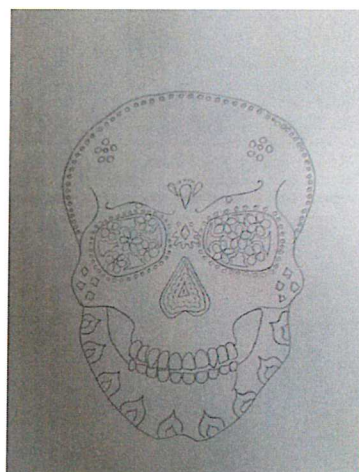

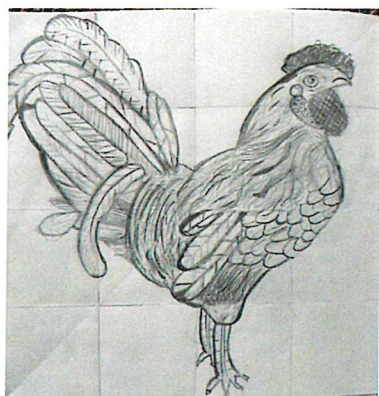

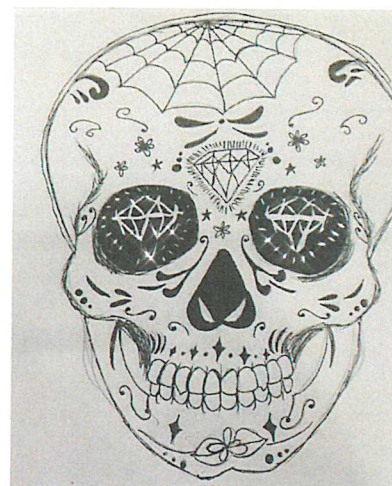

celebrations

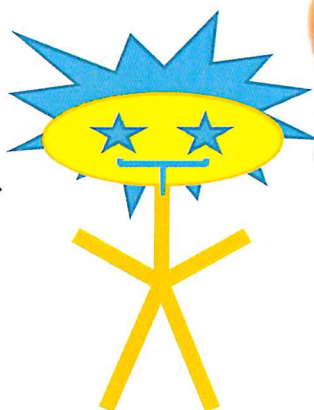

Mr Tedaldi Would love to celebrate the creativity of some year ten artists who created these amazing pieces!

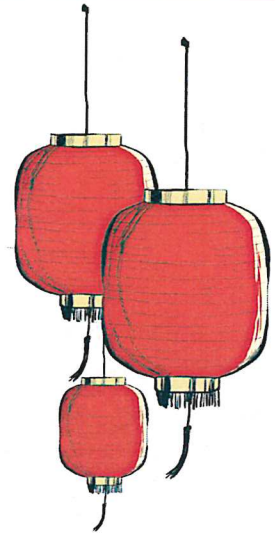

Mrs
Richardson
loves all of
this year eight
art work. Well
done year
eight!

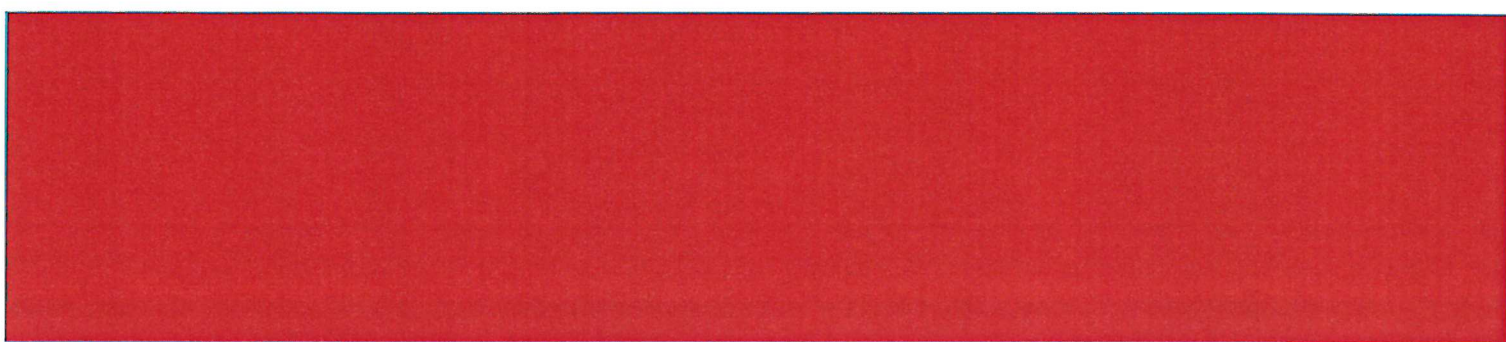

Collin loves
your work!

China

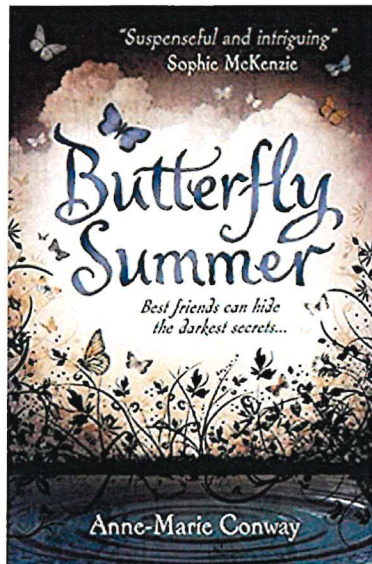

Dumplings are made of minced meat and chopped vegetables wrapped in a thin dough skin. They are eaten all over China as they are a tradition aging to around 1800 years old. They can be cooked by boiling, steaming, or frying. Dumplings are a traditionally eaten on Chinese New Year's Eve.

Chow Mein is a Chinese dish with stir-fried noodles. It is mostly cooked with noodles, meat (usually chicken, beef, shrimp, or pork), onions and celery.

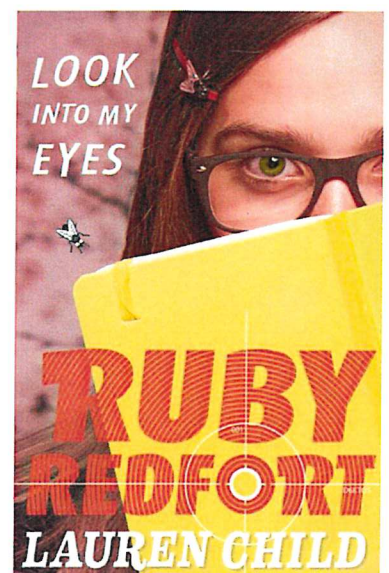

For making chow mein, the noodles need to be cooked in boiling water and then need to be stir fried with the vegetables.

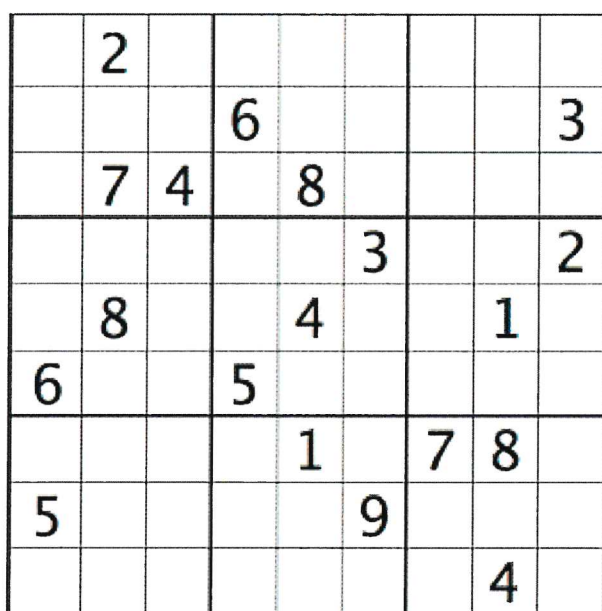

Book Reviews

Butterfly summer is a book about a girl named Becky who moves back to the village she was born in after 12 years of living in the city. She is worried about fitting in but something much more mysterious is going on in that town and she is determined to find out what.

Look into my eyes is one of a few books in the "Ruby Redfort" series. It is about a girl who has a normal life but is extremely good at cracking codes! Why would she need this gift in 'the real world' when she could become a spy!

Coronavirus

Fun fact: covid-19 is called the “corona” virus because it looks like a crown!

Corona beer was boycotted in America due to it having the same name as corona virus

Please, if you have a new continuous cough, a fever, loss of taste and/or smell, please get a test and self isolate. Keep your friends and family safe.

Stay safe!
