CODA Curriculum Map

PSHE at CoDA should help prepare our young people for the challenges of living in 21st Century Britain. It should encourage pupils to make informed choices which ultimately give them the skills, qualities and attributes to improve their life chances.

- 'The aim of RSE is to give young people the information they need to help them develop healthy, nurturing relationships of all kinds...'
- 'It enables young people to mature, build their confidence and self-esteem... to support[ing] pupils to be safe, happy and prepared for life beyond school'.

Rationale behind this curriculum

Whole school RSE during Spring Term – gives teachers a chance to get to know their classes and to have the RSE training before undertaking this subject.

Year 7 – starting off with an introduction topic (some pupils will have never studied PSHE in this way before); gives teachers a chance to get to know their classes.

Year 9 – options/thinking about the future in Spring Term 2 before the options deadline

Year 10 – work experience during Autumn Term 2; well in advance of the deadline (normally in March) to give pupils time to consider what they need to do and to get a CV ready

Year 11 – applying for college during Autumn Term 2; in advance of the Christmas deadline for some colleges to give young people a chance to apply in plenty of time.

RSE Curriculum

RSE (Relationships and Sex Education) at City of Derby Academy aims to give our students the ability to make informed, safe and responsible choices about their own minds and bodies as well as demonstrating respect for others. We teach an age-appropriate curriculum which encourages our young people to explore issues such as consent, healthy relationships, contraception, puberty, pornography and image sharing.

CEAIG Curriculum

CoDA Curriculum

Careers Education, Information, Advice and Guidance

In supporting the school vision of improving the life chances of all students, the Intent of the CEIAG curriculum at CODA is to prepare our students to be ready or the next phase of education, training or employment by developing CODA employability skills including Digital Literacy.

What is the CEIAG INTENT?

- To develop the five CODA employability skills of
 - Communication
 - Teamwork
 - Resilience
 - Independence
 - Creativity
- To provide regular opportunities to improve students' employability skills
- To embed employability skills across all aspects of the curriculum
- To give students confidence in recognising and promoting these employability skills
- To develop the hard skills associated with careers through curriculum content (e.g., language skill or scientific content) alongside employability skills to enable them to achieve their potential.
- To develop students' knowledge of the world of work.
- To encourage ambition

Improving the life chances of all students

- To understand that CEAIG takes many forms and is present throughout the whole school curriculum
- Make students aware of the pathways available to them post-16
- To cover the recognised best practice as stated in the Gatsby benchmarks

How we IMPLEMENT our curriculum

- CEIAG will be delivered in every lesson through the CODA employability skills
- These will be highlighted in all subjects SOL and teachers will reward students who perform to these employability skills
- CEIAG will be delivered through the PSHE curriculum see Personal Development map
- CEIAG will be delivered through from time see form time mapping
- CEIAG will be delivered by additional bespoke interventions in school See 'roadmaps' below
- Provide training for staff to implement the intent of the CEAIG curriculum
- Quality assure the delivery of CEIAG as well as all activities on the CODA roadmaps
- Map the opportunities across the curriculum
- Opportunities are provided across all subjects and are articulated to and by students
- Monitoring the opportunities and record them

What IMPACT are we aiming for?

- Students' work demonstrates confidence in employability skills and CEAIG is embedded in classroom practice, raising awareness, achievement and aspirations.
- Students are learning the curriculum and can articulate the employability skills they have practised.
- Students gain appropriate skills and qualifications and are ready for their next stage of education, employment or training
- Students complete their personal employability skills praise postcards and achieve certification
- Improved outcomes, behaviour and attendance
- Reduction in NEET students
- Students on appropriate post-16 pathway
- Success of our CEIAG provision will be monitored through Gadsby Benchmark and the compass monitoring tool assessments

Additional Curriculum Promises

At the City of Derby Academy, we believe in improving the life chances for all students. We believe that providing opportunities beyond the classroom will develop our students with the skills and qualities needed for their next stages of life. Therefore, any student who comes to CODA will experience these additional opportunities.
