Remit Automotive Industry Apprenticeships

Date: Saturday 28th May

Time: 10am – 4.00pm

**Location: Remit Automotive Training Academy, 7 Wincanton Close,
Derby, DE24 8NB**

This is will be a great opportunity for those considering a career in the automotive industry to come along and see their facilities in their academies, which support the practical element of our automotive apprenticeship training.

Remit Training (<https://remit.co.uk/automotive/>) delivers all automotive programmes, supporting body and paint, light and heavy vehicle specialisms along with non-technical apprenticeships in business administration, digital marketing, sales and management, for employers that range from independent garages to some of the world leading brands.

With high-quality, hands-on training, delivered by some of the best trainers in the industry, apprentices spend their training blocks at their state of the art training academies throughout their programmes where they can use the latest technology, manufacturer tooling and diagnostic equipment, share ideas and benefit from an engaging peer-to-peer environment with other enthusiastic apprentices.

They currently have a number of live apprenticeship vacancies available and members of their Automotive Apprentice Recruitment team will also be on hand to explain the process of applying for an apprenticeship this summer with one of their clients who represent some of the world's leading Heaving Vehicle manufactures, including Scania, DAF, MAN Truck, Volvo and Iveco.

I hope this will be of interest to some of you, for more information and to register an attendance visit <https://remit.co.uk/derby-open-day/> or call the Remit Automotive Recruitment Team on 0115 975 9550
