

Accessibility Plan October 2023

City of Derby Academy is an inclusive 11 to 16 mainstream secondary school.

City of Derby Academy aims to improve the life chances of all our young people by ensuring they receive the very best education. Our aim is to provide a happy, safe, and stimulating environment based on mutual respect and shared values and equip our young people with the skills and qualities to successfully manage the challenges of their future.

Schools are required under the Equality Act 2010 to have an Accessibility Plan. The Equality Act 2010 replaced previous anti-discrimination laws with a single act to remove inconsistencies and make the law simpler, therefore making it easier for people to understand how they are protected.

The purpose of the plan is to:

- Improve the physical environment of the school to enable disabled students to access all educational opportunities, services, and facilities that the academy has to offer.
- Increase the extent to which disabled students can participate in the curriculum.
- Improve the delivery of written information to students, staff, parents, and visitors with disabilities.

This Accessibility Plan should be read alongside the relevant sections of the following documents:
