DECEMBER 2023

RE: ClassCharts

Dear Parent/Carer,

In the past we have used two data systems in school that could be accessed by parents and students. This term we have trialled using Go4Schools *only* to log, monitor and communicate all student data.

However, feedback from staff, students and parents has confirmed that ClassCharts is a more efficient system for student behaviours and rewards. Therefore, from 8th January 2024, we will return to using *both* systems:

1. **Go4Schools** for assessment and reporting
2. **ClassCharts** for positive and negative behaviour

If your child is in Year 8-11, you may still have the ClassCharts app and will be able to log in as you used to do. If you have deleted the app, or are the parent/carer of a Y7 child, you will need to download the free app and request a unique access code. To request the access code please contact the school or ask your child to speak to their Form Tutor.

If you didn't have the app before then now is the perfect opportunity to start with the system and keep up to date with the way your child is behaving in school. Support on how to download the app and log in will be available on our website.

We will continue to review the information management systems we use in school over the coming months to ensure they are all the most suitable for our school and our community. We will keep you informed of any changes.

If you have any questions, please don't hesitate to contact the school.

Yours faithfully,

Richard Meehan

Deputy Headteacher
