

CoDA Year 9 Curriculum

PSHE/RSE

Improving the life chances of all students

Why Study PSHE-RSE?

Studying **KS3** PSHE (Personal, Social, Health and Economic Education) at the City of Derby Academy in Year 7, 8, and 9 is essential for several reasons:

Holistic Development: PSHE covers a wide range of topics essential for personal development, including mental health awareness, healthy relationships, financial literacy, and digital citizenship. By engaging with these topics, students develop into well-rounded individuals equipped with the knowledge and skills necessary to navigate various aspects of life.

Preparation for Challenges: Adolescence is a period of significant change and challenges. PSHE provides students with tools to cope with these challenges, such as stress management techniques, assertive communication skills, and strategies for making informed decisions.

Building Resilience: Through PSHE, students learn resilience-building strategies, enabling them to bounce back from setbacks, manage adversity, and maintain positive mental well-being. This resilience is invaluable in both academic and personal contexts.

Promoting Healthy Relationships: PSHE-RSE (Relationships and Sex Education) equips students with the knowledge and understanding to develop and maintain healthy relationships. They learn about consent, boundaries, and respect, empowering them to navigate friendships, romantic relationships, and online interactions safely and respectfully.

Empowering Decision-Making: By exploring topics such as financial decision-making, risk assessment, and critical thinking, PSHE empowers students to make informed choices that align with their values and goals. This ability to make sound decisions is crucial for success in various aspects of life.

Preparation for the Future: PSHE provides students with essential life skills that are applicable beyond the classroom. Whether it's managing finances, communicating effectively, or maintaining physical and mental well-being, the knowledge and skills gained in PSHE are relevant throughout life.

Overall, studying PSHE at the City of Derby Academy in Year 7, 8, and 9 is not only beneficial but also essential for students' personal growth, well-being, and future success. It equips them with the tools they need to thrive academically, socially, and emotionally, both now and in the years to come.

Year 9 PSHE-RSE Curriculum.

Intent:

In Year 9, the City of Derby Academy's PSHE curriculum aims to further develop students' knowledge, skills, and resilience as they navigate the challenges of adolescence and prepare for their future. Through a comprehensive exploration of health and well-being, relationships, and living in the wider world, our curriculum strives to empower students to make informed decisions, build positive relationships, and lay the groundwork for successful personal and academic development.

Implementation:

The Year 9 PSHE curriculum is structured into six-week blocks, each focusing on specific themes crucial to students' holistic development. The topics covered include:

- Health & well-being: Exploring mental health awareness, coping strategies, and resilience-building techniques to support students in managing stress and emotional well-being.
- Living in the wider world: Developing financial literacy skills, understanding economic influences, and exploring pathways to further education, training, and employment.
- Relationships: Promoting healthy relationships and respectful communication, addressing issues such as consent, boundaries, and online safety.
- Health & well-being: Emphasising the importance of physical health and well-being through nutrition, exercise, sleep hygiene, and first aid training.
- Relationships: Continuing to build on previous knowledge of relationships and sex education, with a focus on deeper understanding of consent, healthy sexual relationships, and the impact of digital media.
- Living in the wider world: Enhancing employability skills, fostering critical thinking in digital environments, and promoting responsible online behavior and citizenship.

Lessons are delivered by form tutors (in tutor group classrooms) who utilise a range of interactive teaching methods, including group discussions, case studies, role-playing exercises, and multimedia resources. Guest speakers and external experts may also be invited to provide additional insights and perspectives on relevant topics.

Booklets tailored to the school's needs are used to build progress and to provide evidence for certification through the Unit Award Scheme from AQA. The spiral curriculum approach ensures that key concepts are revisited and built upon, allowing for deeper understanding and skill development over time.

Impact:

Through our PSHE curriculum in Year 9, we aim to see students demonstrate increased awareness and understanding of key issues related to health, relationships, and personal development. We expect students to exhibit improved decision-making skills, enhanced resilience, and a greater sense of responsibility in their interactions both online and offline. Additionally, we anticipate that students will be better equipped to set and pursue meaningful goals for their future education, career, and well-being. Regular assessments and feedback mechanisms are employed to monitor student progress and inform ongoing curriculum refinement. Ultimately, our goal is to empower Year 9 students to thrive academically, socially, and emotionally as they progress through their educational journey at the City of Derby Academy.

City of Derby PSHE-RSE Education Thematic Overview.

	Autumn 1 (6 Week Block) Health & wellbeing	Autumn 2 (6 Week Block) Living in the wider world	Spring 1 (6 Week Block) Relationships	Spring 2 (6 Week Block) Health & wellbeing	Summer 1 (6 Week Block) Relationships	Summer 2 (6 Week Block) Living in the wider world
Year 7	<u>Transition and safety.</u> Transition to secondary school and personal safety in and outside school, including first aid.	<u>Developing skills and aspirations.</u> Careers, teamwork and enterprise skills, and raising aspirations.	<u>Diversity.</u> Diversity, prejudice, and bullying.	<u>Health and puberty.</u> Healthy routines, influences on health, puberty, unwanted contact, and FGM.	<u>Building relationships.</u> Self-worth, romance and friendships (including online) and relationship boundaries.	<u>Financial decision making.</u> Saving, borrowing, budgeting and making financial choices.
Year 8	<u>Drugs and alcohol.</u> Alcohol and drug misuse and pressures relating to drug use.	<u>Community and careers.</u> Equality of opportunity in careers and life choices, and different types and patterns of work.	<u>Discrimination.</u> Discrimination in all its forms, including: racism, religious discrimination, disability, discrimination, sexism, homophobia, biphobia and transphobia.	<u>Emotional wellbeing.</u> Mental health and emotional wellbeing, including body image and coping strategies.	<u>Identity and relationships.</u> Gender identity, sexual orientation, consent, 'sexting', and an introduction to contraception.	<u>Digital literacy.</u> Online safety, digital literacy, media reliability, and gambling hooks.
Year 9	<u>Peer influence, substance use and gangs.</u> Healthy and unhealthy friendships, assertiveness, substance misuse, and gang exploitation.	<u>Setting goals</u> Learning strengths, career options and goal setting as part of the GCSE options process.	<u>Respectful relationships.</u> Families and parenting, healthy relationships, conflict resolution, and relationship changes.	<u>Healthy lifestyle.</u> Diet, exercise, lifestyle balance and healthy choices, and first aid.	<u>Intimate relationships.</u> Relationships and sex education including consent, contraception, the risks of STIs, and attitudes to pornography.	<u>Employability skills.</u> Employability and online presence.
Year 10	<u>Mental health.</u> Mental health and ill health, stigma, safeguarding health, including during periods of transition or change.	<u>Financial decision making.</u> The impact of financial decisions, debt, gambling and the impact of advertising on financial choices.	<u>Healthy relationships.</u> Relationships and sex expectations, pleasure and challenges, including the impact of the media and pornography.	<u>Exploring influence.</u> The influence and impact of drugs, gangs, role models and the media.	<u>Addressing extremism and radicalisation.</u> Communities, belonging and challenging extremism.	<u>Work experience.</u> Preparation for and evaluation of work experience and readiness for work.
Year 11	<u>Building for the future.</u> Self-efficacy, stress management, and future opportunities.	<u>Next steps.</u> Application processes, and skills for further education, employment and career progression	<u>Communication in relationships.</u> Personal values, assertive communication (including in relation to contraception and sexual health), relationship challenges and abuse	<u>Independence.</u> Responsible health choices, and safety in independent contexts	<u>Families.</u> Different families and parental responsibilities, pregnancy, marriage and forced marriage and changing relationships

<p>Career Links (Employability Skills, Career Opportunities)</p>	<p>In Year 9, students continue their exploration of career paths and development of essential employability skills, fostering a deeper understanding of their potential futures. Through thematic units like "Health & Wellbeing - Peer Influence, Substance Use and Gangs" and "Living in the Wider World - Setting Goals," they delve into various professions and the skills imperative for success. From envisioning themselves as Police Community Support Officers to aspiring Life Coaches, students not only learn about specific career paths but also explore academic and vocational routes available to them. Moreover, they develop crucial employability skills such as decision-making, goal-setting, and managing feelings related to future employment, essential for navigating the complexities of the modern workplace landscape. By nurturing their career aspirations and equipping them with valuable skills, Year 8 builds upon the foundation laid in Year 7, empowering students to shape their future trajectories with confidence and purpose.</p> <p>In Year 9, students continue their journey of career exploration and skill development:</p>					

	<p>Autumn 1 (Health & Wellbeing - Peer Influence, Substance Use and Gangs): Students delve into the role of a Police Community Support Officer, understanding the importance of assertiveness, risk management, and positive social norms.</p> <p>Autumn 2 (Living in the Wider World - Setting Goals): The focus shifts to careers such as a Life Coach, highlighting skills for goal-setting, decision-making, and managing feelings related to future employment.</p> <p>Spring 1 (Relationships - Respectful Relationships): Career exploration includes roles such as a Family Mediator, emphasising conflict resolution, access to support services, and managing relationship changes.</p> <p>Spring 2 (Health & Wellbeing - Healthy Lifestyle): The spotlight is on the career of a Personal Trainer, focusing on physical and mental health balance, healthy choices, and promoting positive body image.</p> <p>Summer 1 (Relationships - Intimate Relationships): Career discussions will include roles like a Health Promotion Specialist, addressing topics such as consent, contraception, and online safety in intimate relationships.</p> <p>Summer 2 (Living in the Wider World - Employability Skills): Students explore careers in Careers Advisory, highlighting employability skills, online presence management, and accessing support for concerns relating to life online.</p>
SMSC Links	<p>Year 9 curriculum continues to prioritise holistic development, incorporating spiritual, moral, social, and cultural dimensions into various learning experiences. Themes like "Respectful Relationships" foster empathy, conflict resolution, and access to support services, contributing to students' personal well-being and positive relationships. Moreover, units focusing on health and lifestyle promote a balanced approach to physical and mental well-being, empowering students to make informed choices and take responsibility for their health. By integrating career exploration with SMSC development, Year 9 curriculum provides a comprehensive educational experience that prepares students for both personal growth and future career pathways.</p> <p>Identified below are the areas of particular focus:</p> <p>Spiritual: Themes of personal growth and reflection to foster spiritual development.</p> <p>Autumn 2: Exploring values, aspirations, and meaningful goal-setting.</p> <p>Summer 2: Considering personal branding, and decision-making to make informed career choices.</p> <p>Moral: Discussions on ethical decision-making and responsibility promote moral development.</p> <p>Autumn 1: Learning about assertiveness and community engagement.</p> <p>Spring 2: Understanding consequences of actions and privacy rights online.</p> <p>Social: Activities promoting empathy, resilience, and support enhance social development.</p> <p>Spring 1: Role-plays demonstrating empathy and accessing support services.</p> <p>Summer 1: Learning about consent, sexual health, and online safety.</p> <p>Cultural: Exploring diversity and inclusive practices fosters cultural development.</p> <p>Autumn 1: Challenging stereotypes and embracing diversity in community engagement.</p> <p>Summer 2: Understanding cultural influences on career decisions and ethical practices.</p>
